South Bank Primary

Newsletter

Friday, 23rd January 2026

Dear South Bank Primary Family,

It was lovely to see so many children (and staff!) in bright clothes on Monday for Bright Monday. It really lifted the day and everyone's spirits for an enjoyable start to the week.

On Wednesday, year 5 attended Young Voices at the O2 along with around 9,000 other children and young people. They represented our school fantastically and although slightly sleepy on Thursday morning, the children all said how enjoyable it had been. Thank you to the staff who supported and the parents/carers for prompt pick-up afterwards.

Another treat this week was a panto performed on Thursday by staff for the children. Simon bravely stepped into the role of Jack in 'Jack and the Beanstalk'. Children were wowed by the special effects of the beanstalk growing up to the assembly hall ceiling, but the highlight was Simon and Izzy (the Princess) receiving a cream pie in the face from the Rebecca (the Giant). Thank you to Leanne who put together the script and arranged the props as well as the staff who performed.

This week has seen some of our children complete mock assessments. Year 6 have completed a full mock SATs and the team have been so impressed with how sensibly they have approached it. Lots of progress has been seen, especially in arithmetic so please feel free to ask them some tricky fractions questions! Year 1 have also been practising their phonics ahead of the Screening Check in the summer and showed great progress too. Thank you for all your support with learning at home!

Paul

Wraparound Care

Our Wrapz clubs offer before and after school childcare. If you would like to use, please remember to book ahead as we cannot guarantee places on the day. If you would like more information, full details are on the school website in the 'Academy Life' section or speak to the school office.

INSET Day

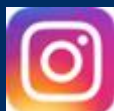

Friday, 13th February will be an INSET day. This means school will be closed for all children. Please mark it in your diaries so you don't forget!

Parent Catering Survey

Sodexo who provide our school meals would love to hear your views and feedback. Please use the link below to access survey:

Community Hub

Dear Parent/Carers,

At the start of the new year, I wanted to share a quick reminder that the parent/carer drop-in session is continuing as usual.

As many of you know, I work for Oasis and run a weekly parent/carer drop-in at the school. It's a warm, relaxed space where you can come for support, advice, or simply a chat. I've really enjoyed supporting parents and carers throughout last year, and I'd love to continue welcoming both familiar and new faces. The drop-in takes place every Tuesday during term time from 9:00am-12:00pm. There's no need to book an appointment you're very welcome to just drop in. Whether you'd like support with CVs, job applications, accessing services, or you just want some time to talk things through, please feel free to come along. If Tuesdays don't work for you, you can still get in touch with me by email at Coretta.Brown@oasiswaterloo.org. I look forward to continuing to support you throughout the year ahead. Wishing everyone a positive and happy New Year. Warm wishes,
Coretta Brown

Oasis Nurture

"Hi everyone! Happy January! 😊

Below are four wonderfully creative art pieces that we have seen in our lunch clubs this week! They bring joy and a burst of colour to our January! We'd also like to share some helpful resources to support you in keeping your children safe whilst they explore the online world.

Keeping children safe online.

We understand how important it is to help children stay safe online. The internet offers incredible opportunities for learning, creativity, and connecting with others - but it also comes with significant risks. In Oasis Nurture, we want to provide parents and carers with practical resources and guidance to help children navigate the online world safely and confidently. Below are **four** helpful links that explain the potential risks children may face online, including new challenges and opportunities arising from AI. These resources offer clear guidance for keeping children safe while navigating the digital world. "

Radicalisation and Neurodiversity Workshops for Parents

Join our evidence-based workshops that provide the tools and knowledge to safeguard against online radicalisation while addressing the unique challenges faced by neurodiverse communities.

What You'll Learn:

- Examples of how online spaces are used to radicalise young people
- The link between ASD/ADHD and Radicalisation.
- The differences in neurodiverse experiences based on gender, race and class.
- Research-backed case studies on the influence of apps, streamers, VR chats and much more.
- Detailed breakdown on how Online Grooming manifests

Starting from February 23rd

10:00 AM - 13:00 PM
